

Index of Tables

1. World Energy Sector

● World Energy Scenario

- World Energy Consumption by Country Grouping, 2010-2040 25

● World Fuel Supply and Consumption

- Fuel Share in World Primary Energy Supply 27
- Region wise Share in World Primary Energy Supply 27
- World Energy Consumption 28
- Fuel Share in World Primary Energy Consumption 28
- Region-wise Share in World Primary Energy Consumption 28
- Sector-wise Share in World Energy Consumption 29
- Region-wise World Crude Oil Production 30
- Top 10 Crude Oil Producing Countries in the World 30
- Region-wise World Coal Production 31
- Top 10 Coal Producing Countries in the World 32
- Region-wise World Natural Gas Production 34
- Top 10 Natural Gas Producing Countries in the World 34
- Region-wise World Nuclear Power Generation 34

● World Power Generation Scenario

- Top 10 Power Generating Countries in the World 36
- Fuel Share in World Power Generation, 1973-2010 36
- Top 10 Nuclear Power Generating Countries in the World 37
- Top 10 Fuel based Power Generating Countries in the World 37

2. India Energy Sector

● India Energy Scenario

- Primary Energy Sources in India 50

● Coal – Dominates India's Energy Mix

- Coal Reserves in India as on April 01, 2012 52
- Coal Demand and Supply Position 52
- Sector-wise Coal Dispatches by CIL 53
- Sector-wise Dispatches by SCCL 54
- Company-wise Coal Production 55
- Company wise Coal Dispatches 55

● Indian Oil Sector Highly Import Dependent

- Crude Oil Reserves in India as on March 31, 2012 58
- Crude Oil Production in India 58
- Production and Consumption (indigenous sales) of Petroleum Products 59

- Crude Oil Imports and Average Prices 59
- Imports & Exports of Petroleum Products 59
- India's Refining Capacity and Production 60
- Company-wise Refining Capacity, Crude Throughput and Production 61
- Subsidies on SKO (PDS) & LPG (Domestic) 62

● Natural Gas - Fuel of the 21st Century

- Natural Gas Reserves in India as on March 31, 2012 65
- Natural Gas Production in India 66
- Industry wise Offtakes of Natural Gas in India 66
- Sector wise Natural Gas Demand in India 67

● Indian Power Sector – Key Driver for Economic Growth

- Installed Capacity for Power Generation as on June 30th, 2013 73
- Fuel-wise Installed Capacity for Power Generation as on June 30th, 2013 74
- Renewal Energy Installed Capacity (Grid Interactive) as on September 30, 2013 74
- New Power Capacity Addition under 12th Plan 2012-17 74
- Power Generation Targets and Achievements 2010-11 to 2012-13 74
- Power Generation Performance 2000-01 to 2009-10 75
- PLF in the Country during Five Years, 2008-09 to 2012-13 76
- Category-wise Power Consumption in 1947 and 2012-13 76
- Category-wise Projected Power Consumption in 12th and 13th Plans 77
- Region-wise Summary of EER & APEL by end of 12th and 13th Plans as per 18th Electric Power Survey (EPS) 77
- Power Demand & Supply Position during Five Years, from 2008-09 to 2012-13 77
- Region-wise Power Demand & Supply Position as on March 31, 2013 77
- Transmission Lines at the end of 11th and 12th Plans 79
- Sector wise Growth of Transmission Lines as on March 31, 2013 79

3. Energy Conservation

● Genesis of Energy Conservation in USA

- Legislation Relating to Federal Standard Setting for Energy Efficiency 83
- Time Line of Energy Conservation related Events in USA 84-85

● Need for Energy Conservation in India			
- Category-wise Power Consumption in 1947 and 2012-13	87		
- Power Generation Installed Capacity in India	88		
● Energy Savings Potential in India			
- Sector-wise Power Savings Potential	89		
- Industry-wise Power Savings Potential	89		
- Share of Energy in Manufacturing Cost, Savings Potential and Investment Projects	90		
- NPC Study of Sector wise Electricity Consumption and Savings Potential	90		
- Energy Saving Margins	91		
- NMEEE – Overall Investment and Savings	91		
● SDAs – State Level Nodal Agencies			
- Year wise funding of SDAs under XI Plan	110		
- List of State wise 478 DCs and Accredited Energy Auditors	112		
● CIIGBC - Key Player in India's Energy Efficiency Movement			
- CII Centres of Excellence (CoE) at a glance	115		
● CII 13th National Awards for Excellence in Energy Management			
- Savings through CIIGBC National Award for Excellence in Energy Management	118		
- Awardees - 14 th National Award for Excellence in Energy Management 2013	119		
- Category - Innovative Energy Saving Project	121		
- Category - Most Useful Presentation	121		
- Category - Innovative Energy Saving Product/Service	121		
- Category - Most Innovative Energy Saving Product/Service	121		
● CIIGBC EE Summit - Right Platform to share, display and network			
- Topics discussed at the two day 12 th EE Summit	123		
● National Organisations Promoting Energy Efficiency in India			
- IREDA's Source of Funds	126		
- IREDA's Performance	126		
- Resource Persons at Shakti Sustainable Energy Foundation	128		
● Year-wise Energy Savings achieved by participating units in National Energy Conservation Award Scheme from 1999 to 2013	130		
4. Energy Efficiency Measures			
● BEE Steps to promote Encon and EE Measures, 2002-2013			
- Sector-wise National Campaign on Encon January to December – 2005	135		
- State-wise National Campaign on Encon January to December – 2005	135		
- BEE's EE Schemes and verified Energy Savings for 2009-10	137		
- BEE's EE Schemes and verified Energy Savings for 2010-11	137		
- Energy Savings achieved from April 2007 to March 2012 (11 th Plan Period)	137		
● Changes in the Rules and Regulations under EC Act, 2002-2010			
- Criteria for Notification of an Industry as Designated Consumer	139		
- Railways Zones:13 TSS, 16 Diesel Loco Sheds, Six Productions Units	139		
- Energy Conversion Value for Annual Energy Consumption in MTOE	140		
● Thrust Area 01: IIPEC Effectively promoted Energy Efficiency among Designated Consumers			
- Designated Consumers (DCs) under EC Act – 2001	141		
- Industry Sector Specific Task Force Meetings from 2002 to 2008	142		
● 3L Programmes Enlightening Professionals			
- Year wise 3L Programmes from 2006 to 2011	144		
- List of 18 PAT Awareness Workshops under 3L Programmes from 10 th Feb 2011 to 30 th Mar 2011	145		
● Thrust Area 02: Demand Side Management (DSM) Key to Improving Energy Efficiency			
- Potential for DSM Led Electricity Demand Reduction	146		
- DPRs for Pumpsets in Five States	148		
- Potential DSM Programmes in Brief	150-151		
● Utility Driven DSM Activities in India			
- Event time line reflecting evolution of DSM in India	152		
- DSM Measures taken by some Power Utilities in India	157-158		
● Bachat Lamp Yojana for Promoting EE Lighting - Stuck in Midstream			
- Bachat Lamp Yojana (BLY) Chronology	160		
- Sales Growth of CFLs, Savings under Bachat Lamp Yojana Scheme	165		
- Implementation of Bachat Lamp Yojana and CDM Project Activities (CPA)	165		
● Cluster Approach to Promote Energy Efficiency in SMEs			
- SMEs – Energy Cost in Production	168		
- Summary of 21 SME Clusters out of the selected 25 Clusters	169		
- Preliminary Results from Situation Analysis	171		

in 35 Industrial Clusters

- **Case Study: EE in Rajkot Foundry Cluster
TERI Develops DBC Technology and Capacity of
BDS for Foundry Industry**

- Rajkot Foundries adopted DBCs from 2003 to 2009 174
- DBC replications by BDS in Rajkot during 2010-11 176

- **Thrust Area 03: S&L Programme
Creating New Market for Energy Efficient Appliances**

- List of 18 Products under Star Labelling in India from May 2006 to October 2013 181
- Labelling in 2014 183
- Physical Verification of BEE Star Labels 183
- Energy Savings achieved under S&L Scheme from 2007-08 to Dec 2011 184
- Verified Energy Savings by Florescent Tubular Lamps in 2007-08 under S&L Programme 184
- Chronology of S&L Programme in India 185

- **Star Labelled Refrigerators and ACs lead EE Appliances Market**

- Star Rating Band for Energy Star Levels for Frost-Free Refrigerators 187
- Energy Star Levels for Direct Cool Refrigerators 187
- Refrigerator Brands under Labelling Programme during the year 2008-09 187
- Energy Performance Standards – Window Ac's 188
- Energy Performance Standards – Split Ac's 188
- Air-Conditioners Brands under Labelling Programme during the year 2008-09 189
- Energy Saving Potential under Air Conditioners Labelling Programme estimated for 2007-08 189
- Contributions by Refrigerators and Air Conditioners to Energy Savings in 2007-08 190
- Sales and Energy Savings Targets for Refrigerator and Air-conditioners till 2019-20 190
- Sample – User benefits of Star AC 192

- **Thrust Area 07: Manuals and Codes
Best Practice Manuals, Case Studies and Codes for
Seven Equipments**

- Industrial Utility Equipments 198
- Areas of Energy Efficiency Improvements in 13 Utility Equipments/Systems 199

5. Energy Efficiency in Buildings

- **Thrust Area 04: EE in Buildings and Establishments
Having Huge Energy Savings Potential**

- Appliance penetration per 1000 households (GTZ 2010) 203
- Energy Audit Results and Energy Savings Potential in Government Buildings 204
- Some State/SDA wise IGEA of Government Buildings and their Energy Savings Potential 204

- Electricity use in Commercial Buildings in India 205
- Conventional Buildings vs Energy Efficient Buildings 205
- Appliance Electricity Usage Share in 2008 206
- Overview of Annual Energy Usages and Benchmarking Indices 206

- **Case Study – Godrej Bhavan
Saves 28% energy through EE retrofits in 42 years
old Building**

- Energy Efficiency Measures installed and their costs 210
- Electricity use and cost savings, 2009 to 2012 210

- **Star Rating Programme for Energy Efficient
Commercial Buildings**

- Bandwidths – More than 50 per cent air conditioned built up area 212
- Bandwidths – Less than 50 per cent air conditioned built up area 213
- Star Rating wise Distribution of 108 Buildings 213
- List of 108 'Day Use' Star Labelled Buildings 214

- **Thrust Area 05: ECBC
New Buildings need to be ECBC Compliant for
Energy Efficiency**

- Typical Energy Use in Commercial Buildings 217

6. Energy Professionals and ESCOs

- **Thrust Area 06: Professional Certification and
Accreditation
BEE created about 11000 CEMs, CEAs**

- Cumulative Certified Energy Managers and Energy Auditors from 2004 to 2013 228
- State-wise Certified Energy Managers 2004-2010 229
- State-wise Certified Energy Auditors 2004-2010 230

- **BEE awarded accreditation to Energy Auditors
thrice, 2005, 2013 and 2014**

- List of First Accredited 61 Energy Audit Firms and their Performance, 2004-06 235
- List of 150 Accredited Energy Auditors (AEAs) 2013-14 238

- **Thrust Area 10: Delivery Mechanism for EE Services
ESCO Industry taking shape in India**

- List of ESCOs in India in 2006 248
- ICRA/CRISIL-BEE Graded ESCOs from November 2008 to October 2013 249
- City wise break-up of 137 ESCOs in India 250
- List of BEE 137 ESCOs 251

8. NAPCC - NMEEE

- **Implementation Status of Eight National Missions
under NAPCC**

- Eight National Missions under NAPCC 282

● National Mission for Enhanced Energy Efficiency to Reduce Energy Intensity

- Chronology of NMEEE Events 283
- Overall Investment in NMEEE and Expected Impact 286

9. PAT Scheme

● PAT to Create Market for Energy Efficiency

- Chronology of PAT Events from 2007 to 2012 289
- Sector wise DCs, Energy Consumption and Energy Saving Targets Under PAT Cycle-1, 2012-15 291
- Market Transformation - Common Areas of Investment 293
- Legal Framework for DCs under PAT Scheme 294
- Level of Awareness about PAT Scheme among DCs 294
- State wise and Industry Sector wise distribution of 478 Designated Consumers (DCs) 295

● PAT Design Steps in Retrospect

- Sector wise Minimum Annual Energy Consumption of Designated Consumers 297
- Initial Sector wise DCs, their Energy Consumption and Energy Reduction Targets 297
- Typical SEC Bandwidth in Eight DCs under PAT Scheme 299
- Factors of Diversity - Most affected sectors 299
- Baseline Year and Target 299
- Industry wise BEE Approved Auditors for Baseline Audits of DCs under PAT Scheme 300
- List of BEE Approved 42 Auditors for Baseline Audits of Designated Consumers (DCs) under PAT Scheme 302

● ESCert – Heart of the PAT Scheme

- Time Lines to be followed by each DC to receive ESCerts 308

● Existing ESCert Schemes in the World

- Existing ESCerts Schemes in UK; Australia; Italy and USA 311

10. Industries under PAT Scheme

● Aluminium Industry

- Aluminium Industry – List of 10 DCs under PAT Scheme and their SEC Targets 316

● Cement Industry

- Energy Consumption Range in Indian Cement Plants (85 DC's) (2007-10) 318
- Cement Product wise Distribution of 85 DCs and their Energy Saving Targets 321
- State wise Distribution of 85 Cement DCs 321
- Company wise Cement Plants under PAT Scheme 322

- Cement Industry – Total 85 DCs under PAT Scheme and their SEC Targets 323

● Chlor – Alkali Industry

- State wise Distribution of 22 Chlor – Alkali DCs 328
- Chlor-Alkali Industry – Total 22 DCs under PAT Scheme and their SEC Targets 329

● Fertiliser Industry

- Fertiliser Products and Units 331
- State wise Distribution of 29 Fertiliser DCs 332
- Fertiliser Industry – Total 29 DCs under PAT Scheme and their SEC Targets 333

● Iron & Steel

- Increase in capacity of Crude Steel during 2005-06 to 2011-12 335
- India's Steel Production, Imports and Exports 337
- State wise Distribution of 67 Iron & Steel DCs 337
- Iron & Steel Industry – Total 67 DCs under PAT Scheme and their SEC Targets 338

● Pulp and Paper Industry

- Category-wise Paper Mills 342
- State wise Distribution of 31 Pulp and Paper DCs 343
- Pulp and Paper Industry – Total 31 DCs under PAT Scheme and their SEC Targets 344

● Textile Industry

- Yarn and Fabrics Production 347
- Textiles Capacity – Global and Indian 348
- Sector wise Fabrics Production 348
- Production and Projections – Volume 348
- State wise Distribution of 90 Textile DCs 348
- Textile Industry – Total 90 DCs under PAT Scheme and their SEC Targets 350

● Thermal Power Plants

- Installed Power Generation Capacity in India as on June 30, 2013 354
- Fuel Based Power Generation Capacity as on June 30, 2013 354
- State wise Distribution of 144 DCs 356
- Power Sector – Company wise Thermal Power Plants 356
- Thermal Power Plants – Total 144 DCs under PAT Scheme and their SEC Targets 358

“Too many companies believe people are interchangeable. Truly gifted people never are. They have unique talents. Such people cannot be forced into roles they are not suited for, nor should they be. Effective leaders allow great people to do the work they were born to do.”

- Warren G Bennis

Organising Genius: The Secrets of Creative Collaboration
